PROFESSIONAL EXPERIENCE

Hellenic Foundation for European & Foreign Policy (ELIAMEP)

Athens, Greece

Research Assistant

05/2024–08/2024

- Collected data for over 150 start-ups and over 20 variables and conducted statistical analysis in STATA and R.
- Conducted a thorough literature review and co-authored the final paper on the effects of the MIT Enterprise Forum incubator in the startup ecosystem, as well as policy recommendations to foster entrepreneurship.

Hellenic Gaming Commission (HGC)

Athens, Greece

Economist (Internship)

07/2022–09/2022

- Assigned to develop a novel framework for finding out companies that might be involved in illicit activities, in order for the HGC to make targeted inspections, which led to higher precision in inspections.
- Collected and cleaned financial-related data for 4000 gambling companies in 52 municipalities of Greece.
- Conducted statistical analysis of that data in R and MATLAB and then applied the new methodology.
